

BOAT BRANDS AND at Goodwood Festival of Speed

This year a select band of great boating companies are exhibiting at Goodwood Festival of Speed. Below is a summary of some of them.

GO EARTH LTD

Stand 248

Go Earth offers a variety of services to its clients who are considering buying a recreational boat.

These range from an initial (no cost, no obligation, no hassle) advice and consultation right the way through the entire process until the client has taken possession of their new pride and joy. We act for the buyer, not the seller.

Go Earth are known for their expertise and outstanding service to their clients, helping them procure boats or yachts with the minimum of risk, hassle, time and cost.

As regular readers of Boat Trader know (I hope!), Go Earth also contributes a number of knowledgeable articles each month to Boat Trader (and occasionally to other publications). They cover multiple aspects around buying a boat, and are intended to be genuinely helpful to the boat buyer.

As Go Earth has curated a number of the boating companies for the festival, they are offering a free advice tent. If you visit their stand (248), they will gladly provide you with

a 'goody bag' full of useful information from the other boating companies, plus a free copy (subject to availability) of Boat Trader. If you have any queries that other boating companies might be able to assist with, then they will helpfully point you in the right direction.

Go Earth will also be showing its innovative automatic fender system. This system removes the hassle associated with deploying and storing fenders.

Also, there will be some festival only very special deals on Indespension trailers – offering a significant discount. These trailers cover everything from boats to cars (including covered trailers) to motorbikes, and even livestock!

BATES WHARF

Stand 410

Bates Wharf are a very well-established family business based in London & the South Coast.

They can offer a superb range of new and used boats from these prestigious recommended boat manufacturers:

- Fairline
- Chris-Craft
- Bayliner
- Brig
- Beneteau
- Sessa
- SACS
- RAND

They offer a personal service, whether you're buying your first boat or upgrading to your next one. Bates Wharf will provide a day to remember at the festival and welcome you to their boat showrooms. Bates Wharf pride themselves on their high level of customer service and with four established offices in Chertsey, Eastbourne, Poole & Southampton, which are all open seven days a week, you can view the boat of your choice every day! They look forward to meeting you at the festival.

At the show they expect to be exhibiting Chris-Craft Launch 27 and Bayliner E5. Please feel free to come along and talk boats.

COMPANIES

MERCURY

Stand 403

The biggest and latest Mercury outboard engines will be showcased for the first time at this year's

Goodwood Festival of Speed, including the Mercury Racing Verado 400R and the new V8 platform released last year.

Visitors to the Mercury stand will have the chance to get up close to the latest RIBs and tenders from boat builders such as Pascoe International and Axopar and benefit from expert technical advice; either from boat builders or the Mercury UK team.

For more information, please see our additional article in Boat Trader magazine.

MULTI HULL WORLD

Stand 256

Multihull World is an international Yacht brokerage specialising in catamaran and

trimaran sales, repairs, maintenance and training and was established over 30 years ago.

MHW act on behalf of multihull owners seeking to sell their vessels and on behalf of buyers looking to enjoy the benefits of catamaran and trimaran sailing.

The wide range of designs available, enormous variations in design criteria and specific features of each vessel make our experienced staff a highly valued asset in selecting the right boat for each buyers sailing agenda. They are all experienced, passionate multihull owners, each with over 20 years experience. This allows us to provide all the benefits of a professional brokerage service with an exceptional pool of knowledge on these sailing yachts.

We sell new and pre-owned vessels, acting as sole new boat UK agents for Outremer and Rapier performance catamarans (both designs have won their respective classes in international yacht races) and Broadblue and Gemini cruising catamarans, designs which prioritise crew comfort and security above all else, together with Corsair trimarans, suppliers of fast and energetic performance trimarans.

Each marque is outstanding in its own field. The Broadblue range is the only production catamaran still manufactured by a British

Company – if you prefer to buy British then look no further!!

We are all excited to introduce visitors at the Goodwood Festival of Speed to these high performance and luxurious sailing yachts.

BOAT CLUB TRAFALGAR

Stand 276

One of the most important things in life is making memories with family and friends, Boat Club Trafalgar helps you make that happen.

Boat Club Trafalgar offers you Hassle Free, Unlimited Boating, for a simple monthly fee and as a member you have the choice of using a large range of premium boats anywhere within the Solent.

Our dedicated team will take care of cleaning, maintenance, servicing, storage and insurance

leaving you free to spend all your leisure time out on the water with no worries.

Boat Club Trafalgar is convenient, just book online and once you arrive you simply get on board and drive away, it's that simple, all you pay for is your fuel. We provide all the training and support that you need.

Come and visit us on stand 276 to find out how you can enjoy boating, without the cost of owning at the same time have a coffee and find out more about our amazing one-off Goodwood Festival of Speed special offer!

DADS BOATS

Stand 306

Introducing The Pedal Boat

A unique design, 50 years in the making,

which allows two people to face each other and both pedal forwards in comfort. Just sit back, sip a drink, chat and take some gentle exercise while enjoying the water.

The Dad's Boats story

Dad, David to you, built his first pedal boat in his teenage years in the 1950s, a single seater to follow his remote controlled yacht, while keeping his hands free for the controls.

A couple of years later, the next generation of pedal boat started to form in his mind, a more sociable two seater, which allows both passengers to pedal forwards whilst facing each other.

'Cyclone' was born and accompanied David on his honeymoon around the Norfolk Broads in the 1960s. David's children and grandchildren have grown up enjoying these boats for years.

Now it's your turn as Dad's Boats has created The Pedal Boat just for you.

Our unique Pedal Boats

Handmade in Norfolk, David's innovative design creates a very enjoyable and liberating way for two people to spend time on the water together.

Our quality Pedal Boats allow you to sit in comfort and the quiet, smooth mechanism leaves you free to chat, sip a drink, or just sit back and enjoy the scenery.

Our boats are also good for your health providing gentle exercise. You will be surprised at how easy they are to pedal! They are good for the environment too as they have no engine and therefore no emissions and no noise.

The Elite Pedal Boat will be exhibited at the show.
